

CONT 103

Construction Craft III

6 Credits

Community College of Baltimore County
Common Course Outline

Description

CONT 103 – Construction Craft III: Construction Craft III is awarded after the completion of a three, four, or five-year Craft Apprenticeship program. Construction Craft III provides for the awarding of articulated credits after completing a craft apprenticeship program, which complies with approved standards set by the Maryland Apprenticeship and Training Council or other apprenticeship governing boards. The class is to recognize the work completed in the third year of the apprenticeship program.

Pre-requisites: The student must have completed a Craft Apprenticeship recognized by approved standards set by the Maryland Apprenticeship and Training Council or other apprenticeship governing boards

Overall Course Objectives

Upon completion of this course, students will be able to:

1. The student will have completed the requirements of the third year of a craft apprenticeship program.

Major Topics

- I. Topics are related to each of the individual craft apprenticeship programs

Course Requirements

Grading will be determined by the individual faculty member, but shall include the following, at minimum:

- Grading procedures will be determined by the individual craft apprenticeship program which complies with approved standards set by the Maryland Apprenticeship and Training Council or other apprenticeship governing boards

Written assignments and research projects: Students are required to use appropriate academic resources in their research and cite sources according to the style selected by their professor.
